Algae Aide

Radiant skin is not a mere fanta-sea

NEW YORK: *Tuesday, August 24, 2004*

WHAT: Algae Deep Cleanse

WHY: It's not till after you wash this silky mud-like cleanser off your skin that you realize, hey, my skin *was* really dirty. Most cleansers just skim away any surface dirt and oil, but Susan Ciminelli's freshly made cleanser foams into a rich lather and thoroughly cleanses the skin and pores. Made from algae oils and essential oils of lavender, eucalyptus, and peppermint, Algae Deep Cleanse leaves the skin, radiant, moist and primed for Ciminelli's other products like the marine lotion and her special reserve moisturizer.

PRICE: \$55

AVAILABLE: www.susanciminelli.com
