## The Amazing Skin Products by Susan Ciminelli

Recently I had the pleasure of meeting (and receiving a cleansing facial by celebrity esthetician) [Susan Ciminelli](#). One of the surprises was to learn that she has her own line of facial and body products, which helped a lot to keep the good results after the procedure because I was able to continue the treatment at home. Susan is kind, professional and shared her knowledge with me in so many ways that I can't wait to go back. Another thing I learn was that in 2009 she released her book with a step-by-step to have radiant skin in 7 days, changing your lifestyle and food. You can find all the products on her website by clicking [HERE!](#) Her clinic in New York is located at 118 E. 57th St., 3rd Floor, New York, NY 10022, Phone: 212-750-4441. Thank you so much for making my skin look much better, it was a pleasure meeting you and all the staff!
