

Susan Ciminelli Day Spa & Salon

New York City

Why

Not many truly full service salon & spas in the world do every service well. From massage to reflexology to hair color to nails to power plates 1:1 sessions — the staff are excellent, the place has a nice energy.

Suzanne Says

"This is the kind of place I'd always feel good recommending to friends and/or buying a gift certificate — it's no-nonsense, no airs. Ms. Ciminelli herself is very clearly involved closely."

Tip

Don't miss a reflexology one hour session here. My feet never felt so loose!
